SUMMER ENERGY SAVING TIPS

Trying to beat the heat this summer? Check out the ENERGYSTAR.gov website for great tips on how to stay cool while conserving energy. In the ASK THE EXPERT section of the ENERGYSTAR.gov website you can look and see how much energy your home could be using and how to improve it with zero to low cost improvements.

EASY HELPFUL TIPS

Avoid adding heat to your home

- On hot days, avoid using the oven; use a microwave oven or grill outside. You'll save energy and keep the house cooler.

Push a button to wash your dishes

- Believe it or not you will use less water running full loads in the dishwasher vs. hand washing.

Fill up the fridge

- Cold things keep each other cold. Keeping your refrigerator well stocked can help it regulate the temperature inside.

Turn up the thermostat

- Program your thermostat to higher temperatures when you're away. Typical savings is 1-2% of your total energy bill for each degree above 72.

Replace air conditioner filters

- Dirty filters restrict airflow and can cause the system to run longer, increasing energy use.

Plug your home's leaks

- Weather-strip, seal, and caulk leaky doors and windows and install foam gaskets behind outlet covers.

Use appliances wisely

- Avoid running appliances during peak hours - 4 p.m. to 6 pm.

With these simple improvements you can keep your home's energy consumption low, which keeps money in your pocket!

Visit ENERGYSTAR.gov for all your energy saving tips today!

Visit SELCO at the Shrewsbury Farmers Market

Each market SELCO has been to has been a complete success. We want to thank the hundreds of residents that came out for the beautiful and HOT day in July.

SELCO will be at the Farmers Market only two more times this year - August 17 and September 14. Please stop by our booth each time as SELCO will have a different theme each visit.

The Farmers Market will run Wednesdays 2 - 6:30 PM through September 21 and will offer Shrewsbury residents easy access to some of the best local produce available.

For more information, visit their website at
<http://shrewsburyfarmersmarket.com/>.

SELCO Helpdesk Website is here to help

SELCOHelpdesk.com is filled with tips and tricks to help SELCO customers! The site has an ever expanding library of How-To Videos, User Guides, and Troubleshooting tips.

How-To videos include instructions on how to program your remote to operate your television, DVD Player, or other equipment; tips and tricks on using your SELCO DVR; and provide help in setting up Parental Controls.

Head over to SELCOHelpdesk.com to watch videos and get help from our experts. And remember, if you don't see something answered on the website, please call our Helpdesk at 508-841-8572. We are ready to answer calls until 10 PM daily!
