750kWh of Electricity

Cost as of June 1, 2017

SELCO Annual Elementary Open House

Each year SELCO invites 4th grade classes from Shrewsbury Public Schools, Al-Hamra Academy, and Montessori school, as well as 3rd graders from St. Mary's School, to tour our electric garage. More than 500 students attended this year's event where they learned about electric generation, transmission, safety and conservation.

(Above) Rob Brunelle and Eddie Lempitski explain all about our cable technology and equipment

Jeff Huard shows students how much energy it takes to turn on a light bulb on our electric generator bike.

Brian Keeley explains how a transformer works.

Floral Street & Coolidge Schools Create "Green" TV Ads

SELCO recently worked with all Floral Street School 3rd grade students and Coolidge School 4th grade students to produce energy and water conservation public service announcements. These ads will begin running in late June on SELCO cable channels:

Shrewsbury Farmers Market New Location

Check out the new Farmers' Market location in the Senior Center parking lot every Wednesday starting June 28th from 2:00 to 6:30 pm. The season's tastiest fruits and vegetables come from the Shrewsbury Farmers Market. There's always lots of fresh local produce to choose from, as well as special jams, honey, baked goods, dairy products and more!

SELCO will be at the Farmers Market June 28, July 19, August 16 and September 13. Please visit our booth each time as SELCO will have a different theme each visit.

The Farmers Market will offer

Shrewsbury residents a new location which is more accessible for everyone! For more information, visit the Shrewsbury Farmers Market website at www.shrewsburyfarmersmarket.com.

FREE Home Energy Audits Available

SELCO offers residential customers a complete home energy audit at no charge. Audits are conducted by the Home Energy Loss Prevention Service (HELPS).

When you sign up for your free HELPS audit, an energy specialist will:

- Walk through your home to point out specific steps you can take to reduce your energy bills.
- Provide you with publications containing energy-saving tips & ideas
- Install energy-saving materials (e.g., LED Light Bulbs, Smart Power Strips) at no charge.

Customers may call the toll-free hot-line with any questions concerning energy conservation in their home. HELPS staff has a wealth of information about all aspects of residential energy conservation, and can provide it either by mail or e-mail. Call 1-888-333-7525 to schedule a free energy audit or visit munihelps.org for more information!

Prime Media
